Note on Subject No. 6.

The present practice of demand and collection of cost of Vaccine Lymph supplied to the various Local Bodies involves enormous labour and delay in adjustment. The result is, arrears go on accumulating and such accumulation has led to great deal of confusion in the accounts. It is therefore suggested that Vaccine may be supplied, up to a certain maximum, previously fixed by mutual consent, to each local body on payment of fixed annual contribution at the commencement of the official year.

It would be quite possible to fix the contribution amount on the basis of average of last 10 years actual supply and also on the possible number of primary vaccinations expected in the jurisdiction of the Local Bodies.

If the principle of this suggestion is approved, details would be worked out and proposals submitted.

3/12/30

3

To the Director of Health

No. 91284 dt. 4th Nov. 1930

Enquiries on what basis charges are levied at present and whether the new rate now proposed viz Re 1/- per 10 doses fully covers the cost of the hypodermic

From the director of Health

No. C171-9 of 23.10.1930

States that the rate now is 0-4 per dose based on the actual cost of production in 1929 & that it does not work out uniformly as the amount includes in some cases the cost of sanitary & basic reserves & that the new rate now proposed viz Re one per 10 doses is expected to fully cover the cost of the hypodermic.

Subd for perusal & orders with ref. to para 2 10 & 11 above

Sec. File No. 84 N&G of 1930 General and Revenue Secretariat

I mean it would take a very long time to get replies from the local bodies

It is better to issue orders to the effect that vaccine lymph supplied to local bodies will be charged for at the rate of Re 1/- per 10 doses, for the reasons given by the Director. At the same time the local bodies may be advised to adopt the system of [illegible] annual payment recommended by the Director.

Dear Sir,

With reference to your note forwarded for consideration at the last monthly meeting in the matter of the supply of vaccine lymph to the local bodies on payment of a fixed annual contribution based on 10 years' average, I am desired to state that Government generally agree with the principle involved in the note. I am therefore to request you to kindly submit detailed proposals in the matter for the orders of Government.

Yours sincerely,

Sans 84-29-2

TO,
M.Madhava Rao, Esq., B.A., B.L.,
Chief Secretary to the Government of
H.H. the Maharaja of Mysore, Bangalore.

SIR,

With reference to your letter No G. 10441/Samy. 84-29 dated 28th February 1930 calling for detailed proposals in the matter of supply of vaccine lymph to the local bodies on payment of a fixed annual contribution based on ten years' average, I have the honour to forward herewith a statement of contribution to be levied from the several local bodies,-Municipalities and the District Boards and Sanitary Board, Kolar Gold Field-based on five years' average. I have taken the last quinquennium for the purpose of calculation, as it stands to be the period during which most of the Municipalities have been getting their supply and these figures give more correct idea of the average requirements of the local bodies than the average based on ten years.

I request you therefore to be so good as to obtain orders of Government to the proposal.

I have the honour to be

Sir,

Your most obedient servant

G. M. Dominick

Ag.Director of Health.

SIR,

With reference to your letter No.G. 3861/Sany. 84-29-3 dated 7th October 1930 regarding rate of annual contribution proposed to be levied from the Local Bodies in respect of the cost of Vaccine Lymph, I have the honour to state that the rate now charged for Lymph is 0-1-4 per dose based on the actual cost of production in 1921 and that it does not work out uniformly as the amount includes in some cases, the cost of scarificators and paste measures supplied at Rs.0-8-0 each, and that the new rate now proposed viz., one rupee per 10 doses is expected to fully cover the cost of lymph.

I have the honour to be

Sir,

Your most obedient servant

Director of Health in Mysore, Bangalore.

With reference to correspondence ending with letter No. C. 171-9 dated the 23rd October 1930 about the levy of a fixed annual contribution from the local bodies in respect of the cost of vaccine lymph, I am directed to enquire whether it would not be simpler to fix contributions for a period of 5 years on the basis of Re. 1/- per 10 doses taking the quantity on the average of the last 3 years and meet the demands of the various local bodies in full, whether it be more or less than the average on which the payment is made. A revised statement on the above basis may kindly be prepared and sent up early.

I have the honor to be,
Sir,
Your most obedient servant,

The Chief Secretary to Government.

Bangalore (S. *India*), *dated* 31st January 1931.

Lany 84-29-5

FROM,

J. V. KARVE, ESQ., M.B., Ch.B. (EDIN.), D.P.H. (LOND.),
Director of Health with The Govt. of
His Highness The Maharaja of Mysore,
Bangalore.

SECRETARIAT 2 FEB 1931

TO,

N.Madhava Rao, Esq., B.A., B.L.,
Chief Secretary to the Government of
H.H. the Maharaja of Mysore, Bangalore.

SIR,

With reference to your No. G. 5423/Sany. 84-29-5 dated the 19th November 1930 in respect of levy of annual contributions from Local Bodies towards vaccine lymph &c., I have the honour to state that it is certainly simpler to fix the contributions tentatively for the next 5 years, on the basis of Re. 1/- per 10 doses, taking the quantity on the average of the last 3 years and meeting the demand of the various local bodies in full, whether it be more or less than the average on which the payment is made. This of course will be subject to revision in the light of actual demand from the several Local Bodies during the period, as it is expected that the growing popularity of vaccinatio.. and the contemplated introduction of Compulsory Vaccination throughout the State, will result in increased consumption of lymph.

A revised statement on the above basis is herewith furnished.

I have the honour to be
Sir,
Your most obedient servant

Director of Health.

Proceedings of the Government of His Highness
the Maharaja of Mysore.

Read -

Correspondence ending with letter No.C. 171-16 dated the 31st January 1931 from the Director of Health about the levy of a fixed annual contribution from the Local Bodies in respect of the cost of Vaccine lymph supplied to them.

Order No. G. 1400-87/Samy 84-4-7

Dated, Bangalore, 12th March 1931.

The Director of Health has brought to the notice of Government that the present practice of preparing bills for the cost of Vaccine Lymph supplied to Local Bodies involves much labour and that the collection of dues is therefore retarded, causing confusion in the accounts. He has also stated that the rate now charged for Vaccine Lymph is not uniform and does not fully cover the cost of its manufacture. He has therefore proposed that Vaccine Lymph may be supplied to each Local Body, to the full extent of its actual requirements on payment of a fixed annual contribution at the commencement of the official year. The annual contribution payable for the next five years is calculated at the rate of one rupee per 10 doses on the probable requirements of the local bodies based on the average -- quantities supplied during the last three years. These details and the annual contributions that the Local Bodies will be required to pay, are shown in the accompanying statement.

2. Government consider that the arrangement proposed by the Director will be an improvement over the present practice and trust that the Local Bodies will also find it acceptable. The new -- arrangement may be given effect to from the 1st July 1931 for a -- period of five years.

For Chief Secretary to Government.

The Director of Health,

The Deputy Commissioners of Districts

The Presidents of District Boards through the Deputy Commissioners,

The President, Municipal Council, Mysore,

The President, Sanitary Board, Kolar Gold Fields,

The Municipal Commissioner, Bangalore City Municipal Council through the President,

The Comptroller to Government through Finl. Secty.

Read

Correspondence ending with letter No. C. 171-16 dated the 31st January 1931 from the Director of Health about the levy of a fixed annual contribution from the Local Bodies in respect of the cost of Vaccine lymph supplied to them.

Order No. G 9466-87/L1

Dated, Bangalore, 12th March 1931.

The Director of Health has brought to the notice of Government that the present practice of preparing bills for the cost of Vaccine Lymph supplied to Local Bodies involves much labour and that the collection of dues is therefore retarded, causing confusion in the accounts. He has also stated that the rate now charged for Vaccine Lymph is not uniform and does not fully cover the cost of its manufacture. He has therefore proposed that Vaccine Lymph may be supplied to each Local Body, to the full extent of its actual requirements, on payment of a fixed annual contribution, at the commencement of the official year. The annual contribution payable for the next five years is calculated at the rate of one rupee per 10 doses on the probable requirements of the local bodies based on average quantities supplied during the last three years. The ~~anticipated requirements~~ as details of the several local bodies and the annual contributions that they will be required to

to pay, are shown in the accompanying statement.

2. Government consider that the arrangement proposed by the Director will be an improvement over the present practice and trust that the Local Bodies will also find it acceptable. It will, however, be understood that the demands of the various local bodies will be fully met whether they are more or less than the average on which payment is made. The new arrangement may be given effect to from the 1st July 1931 for a period of five years.

Govt. Vaccine Institute, Bangalore.

31/3 1

S.O.

Government of his highness the Maharaja of Mysore.

GENERAL AND REVENUE DEPARTMENTS.

G. O. No. G. 9466-87—Sany. 84-29-7, dated 12th March 1931.

Vaccine Lymph.

Passes orders on the supply of —— to local bodies on payment of a fixed annual contribution.

READ—

Correspondence ending with letter No. C. 171-16, dated the 31st January 1931, from the Director of Health, about the levy of a fixed annual contribution from the Local Bodies in respect of the cost of Vaccine Lymph supplied to them.

ORDER No. G. 9466-87—Sany. 84-29-7, DATED 12TH MARCH 1931.

The Director of Health has brought to the notice of Government that the present practice of preparing bills for the cost of Vaccine Lymph supplied to Local Bodies involves much labour and that the collection of dues is therefore retarded, causing confusion in the accounts. He has also stated that the rate now charged for Vaccine Lymph is not uniform and does not fully cover the cost of its manufacture. He has therefore proposed that Vaccine Lymph may be supplied to each Local Body, to the full extent of its actual requirements, on payment of a fixed annual contribution at the commencement of the official year. The annual contribution payable for the next five years is calculated at the rate of one rupee per 10 doses on the probable requirements of the Local Bodies based on the average quantities supplied during the last three years. These details and the annual contributions that the Local Bodies will be required to pay are shown in the accompanying statement.

2. Government consider that the arrangement proposed by the Director will be an improvement over the present practice and trust that the Local Bodies will also find it acceptable. The new arrangement may be given effect to from the 1st July 1931 for a period of five years.

N. MADHAVA RAO,
Chief Secretary to Government.

To—The Director of Health.
The Deputy Commissioners of Districts.
The Presidents of District Boards, through the Deputy Commissioners.
The President, Municipal Council, Mysore.
The President, Sanitary Board, Kolar Gold Field.
The Municipal Commissioner, Bangalore City Municipal Council, through the President.
The Comptroller to Government, through the Financial Secretariat.

Exd.—P.S.R.N.
